

Board of Education Agenda Item

Item: O.

Date: January 12, 2005

Topic: Final review of Textbooks and Instructional Materials for State Adoption in Mathematics, English and Literature, and Foreign Language

Presenter: Dr. Beverly Thurston, Coordinator, History and Social Sciences and Textbook Adoption, Office of Middle and High School Instruction

Telephone Number: 804-225-2893 **E-Mail Address:** beverly.thurston@doe.virginia.gov

Origin:

☐ Topic presented for information only (no board action required)

☒ Board review required by
☐ State or federal law or regulation
☒ Board of Education regulation
☐ Other: _____

☒ Action requested at this meeting ☐ Action requested at future meeting: _____

Previous Review/Action:

☐ No previous board review/action

☒ Previous review/action
date October 28, 2004
action First review of Textbooks and Instructional Materials for State Adoption in Mathematics, English and Literature, and Foreign Language

Background Information:

The Board of Education's authority for approving textbooks and other instructional materials is prescribed in the Virginia Constitution and in the *Code of Virginia*. The Board of Education's Regulations Governing Textbook Adoption 8VAC 20-220-30 specifies the types of materials that may be adopted.

Only those materials which are designed to provide basic support for the instructional program of a particular content area at an appropriate level will be adopted.

"Basal textbook" or "basal instructional materials" are terms often used to describe the types of materials described in 8VAC 20-220-30. These materials may be print and/or electronic. Teachers' use of curricula and instructional materials that are aligned to the Standards of Learning is a major factor contributing to student achievement of the standards.

At its March 27, 2002, meeting, the Board of Education adopted a resolution to allow the Department of Education to proceed with the review of textbooks and instructional materials according to the established process. On March 29, 2002, the department posted Superintendents' Memorandum No. 15, which provided a textbook adoption schedule for statewide adoptions through 2004-2005.

Summary of Major Elements:

In June 2004, committees of Virginia educators received K-12 mathematics, English and literature, and foreign language textbooks and Standards of Learning textbook correlations from publishers. Members of these committees conducted individual analyses of the materials prior to meeting with the full committee. In July 2004, the committees convened in Richmond to reach consensus on their reviews of the submitted materials. The consensus evaluations were shared with publishers, and publishers were given an opportunity to respond to the committees' reviews and recommendations. Requests by publishers for reconsideration were examined carefully prior to the list being submitted to the Board of Education for first review. The Department of Education has included a master list for all recommended and non-recommended textbooks that were reviewed. An additional book, *Algebra and Trigonometry with Analytic Geometry with CD* by Thomson Learning, has been added to the Algebra II with Trigonometry recommended list. The Algebra II review committee recommended this book, but it was inadvertently left off the initial list.

A 30-day public comment period began on October 29, 2004, immediately after the board's first review of the list of materials. For K-12 mathematics textbooks there were three comments. One teacher commented that her division has a number of Spanish-speaking students for whom materials in Spanish would be helpful. The remaining two comments were from a middle school that currently uses Saxon mathematics textbooks. Both teachers spoke highly of the program at grades 6 and 7 citing the repetitive nature of the program, its standardized format, and its readability.

There were no public comments for English and literature and foreign language.

Superintendent's Recommendation:

The Superintendent of Public Instruction recommends that the Board of Education accept for final review and approve the attached list of textbooks and instructional materials recommended for state adoption.

Impact on Resources:

School divisions are provided funding through the Standards of Quality for the purchase of textbooks and instructional materials. The Department of Education administers the state adoption process. This responsibility can be absorbed by the agency's existing resources at this time. If the agency is required to absorb additional responsibilities related to this process, other services may be impacted.

Timetable for Further Review/Action:

Upon approval, the Department of Education will publish the list of adopted instructional materials with bid prices. In June 2005, the Department of Education will complete six-year contracts with publishers that will become effective July 1, 2005.
